34 — ked — hey I I I I feel na ked I want it

39 G G A min

39 So let me get it I say you got it dont you make me wait it

[Enrique Iglesias:]

If I told you girl, come on run away with me
Now would you throw it all away for me
I need to know that, need to know that's not over

[Dev:]

Cause you're the boy that they told to stay away from me
With you, nothing but a fantasy
I need to know that, need to know that
You'd be strong enough, to believe in love

[Both:]

Cause i don't care what they say, it's our life, life, life
We can dance if we want, make it feel alright
Temperature's rising, I feel the vibe
Tonight it's just me and you

[Dev:]

Tell me baby, will you be here when i wake up
Even with no make-up, i don't wanna fake it

[Enrique Iglesias:]

And you don't got to doubt a second if I miss you
Everytime I'm with you

[Both:]

I feel naked
I feel naked
I want it, so let me get it
I say you got it, don't make me wait it

Enrique Iglesias:]

I don't care what they say, it's our life, life, life
We can dance if we want, make it feel alright

[Dev:]

Temperature's rising, I feel the vibe

[Both:]

Tonight it's just me and you
Tonight it's just me and you

[Dev:]

So tell me baby will you be here when I wake up

[Enrique Iglesias:]

I feel naked

[Dev:]

I feel naked

[Both:]

I want it, so let me get it
I say you got it
I feel naked
I want it, so let me get it
I say you got it, don't make me wait it
Tonight it's just me and you
